

Be 100% sure! Put hygiene first with NEW kee-seal™ Disposable Piping Bags!

 **kee-seal™ ultra**

Fabric Piping Bags that are not properly cleaned are an acknowledged food poisoning hazard. To unwittingly produce food products that may be hazardous to health is not only bad business but could also put the producer out of business.

Kee-seal™ Ultra are a new ultimate development from Kee-seal™ and are a major factor in improving and maintaining good hygiene standards. Safety, cost and convenience with an **ultra grip** make this product essential for bakers, caterers and confectioners.

**ULTRAGRIP**
